Choose the correct answer.

This text is for questions no. 1 – no. 4.

It is important to know what your kids are watching? Of course yes. Television can expose things you have tried to protect them from, especially violence, pornography, consumerism , etc.

A study demonstrated that spending too much time on watching TV during the day or at bed time often causes bed time disruption, stress, and short of sleep duration.

Another research found that there is a significant relationship between the amount of time spent for watching television adolescence and early adulthood, and the possibility of being aggressive.

Meanwhile, many studies have identified a relationship between kids who watch TV a lot and being inactive and overweight.

Considering some facts mentioned above, protect your children with the following tips:

1. Limit television viewing to 1 – 2 hours each day
2. Do not allow your children to have a TV set in their bedrooms
3. Review the rating of TV shows that your children watch
4. Watch television with your children and discuss what is happening in the show.
